DETAILED ACTION

STATEMENT OF REASONS FOR ALLOWANCE

Response to Arguments

1. Applicant's arguments, see "Remarks" pages 8-9, filed January 29, 2004, with respect to claims 1-9 have been fully considered and are persuasive. The rejection of claims 1-9 has been withdrawn.

Allowable Subject Matter

2. Claims 1-9 are allowed.

3. The following is an examiner's statement of reasons for allowance: Iwazawa et al. U.S. Patent 5,990,651 discloses that a position of a rotor for a motor is detected and the driving current in the phases is controlled in accordance with the detected position. Iwazawa fails to teach or suggest that a predetermined phase winding among the plural phases of the stepping motor is excited for a predetermined time period without switching the excitation phases and stopping of excitation after the predetermined time period. The allowability, at least in part, resides in this fact.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
